

OUR VISION

A world where people and communities can grow and thrive, now and into the future.

THE OPPORTUNITY

Alleviating social inequities requires multiple perspectives, new ideas and coordinated cross sector responses and systemic transformation.

OUR PURPOSE

To ignite lasting, positive social change for people and communities, through education, research and engagement with not-for-profits, businesses, philanthropy and governments.

CORE ACTIVITIES ↓

1

EDUCATION

We educate current and future social impact leaders through our undergraduate, postgraduate and professional development courses.

2

RESEARCH

We develop and share rigorous research and evidence-based tools with partners across the social impact sectors.

3

ENGAGEMENT

We aim to be a trusted and influential voice, connecting people and ideas, fostering collaboration to advance positive social change.

INTENDED OUTCOMES ↓

Leaders, organisations and communities are increasingly effective in creating lasting social impact.

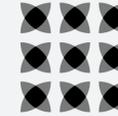

Complex systems are increasingly understood, improved and transformed to deliver more equitable outcomes.

WHAT MAKES US DIFFERENT

We are informed by lived-experience and are embedded in the social purpose ecosystem.

We are capacity builders, uplifting knowledge, skills and connections.

We connect different sectors, recognising everyone has a role to play.

We are systems-led because complex social inequities often arise for systemic reasons.

We combine academic rigour with a practical focus.

We have local, national and global reach.
